

Then God said "let there be a firmament in the midst of the waters, and let it divide the waters from the waters" Thus God made the firmament and divided the waters which were under the firmament from the waters which were above the firmament; and it was so. And God called the firmament Heaven.  
 So the evening and the morning were the second day

Then God said "let the waters under the heavens be gathered together into one place and let dry land appear and it was so. And God called the dry land Earth, and the gathering together of the waters He called seas, And God saw that it was good

Dome = Greenhouse = Worldwide Tropics = Mostly Land = Many trees = Much Oxygen =  
 DINOSAURS EAT TREES Keep Oxygen in check.

Dome = Reduction of ULTRA violet rays = people Live 1000 years

Flood comes from dome collapse... water covers whole earth till polar caps form... Thus reducing water level... trees gone... No Need for dinosaurs.
